## **What do I want to learn or understand better?**

I still want to learn and understand scrum better and tools I want to learn are still Spring and ReactJS and how to combine them with postgresSQL to make a working website.

## **How can I help someone else, or the entire team, to learn something new?**

When learning new tools like Spring and ReactJS we can do them together and help each other.

## **What is my contribution towards the team's use of Scrum?**

I have taken part in the meetings and helped the group put together the Product scope and mock up.

## **What is my contribution towards the team's deliveries?**

I have helped the group deliver the product scope and mockup.
